1st	Woodpeckers	99.3%
2nd	Owls	98.3%
3rd	Wrens	98%

Great attendance woodpeckers!  
Well done!

### Baby News ...

I'm very excited to announce that Mrs Turvey is expecting another baby! She is due in November. Congratulations to Mr and Mrs Turvey, and also to Arthur who is looking forward to being a big brother!

Thank you to all your contributions to our charity clothing collection yesterday.

You brought in just over 242kg of clothing which raised £97.60 for the school!

### Trips

Wrens enjoyed a day at Moors Valley Country Park on Tuesday and had great fun exploring the woods. They were all very well behaved with some of them falling asleep on the coach both on the way there and on the way back!

Falcons had a wonderful time at Leeson House and Miss Knott really enjoyed taking them, she said they behaved very well and were a credit to the school. The children took part in many field study activities such as pond dipping, orienteering, Geology workshops and learning about the local coastline. It was very exciting staying away from home and after a late first night the children slept very well on the second night. We had a very exciting trip home when the coach broke down in Blandford causing us to

be a little late home, again the children behaved so well and were even lucky enough to have a free bottle of water from M&S foodhall.

Thank you...we raised a phenomenal £1228.73 for Cancer Research at our Race for Life before half term!

I do hope you all have a lovely weekend. Fingers crossed for some summer sun!

*Palmer.*
